## MAY TAKE 2 YEARS

City and Contractors Clash on Fillmore Street Bridge.

Matter May Go to Court for Final Settlement.

## CITY BLAMES OTHERS.

And Iron Works Say It Is Fault of City Engineer.

W. S. Fulton Makes Last Demands on Bridge Workers.

From the present outlook there are few chances that the Fillmore street "boxcar" bridge will be completed and ready for traffic before the next two years. The outlook is so apparent that the city officials admit further complications in the construction of the bridge are to be expected if the present spirit is maintained by the contractors who built the structure.

The city, through the city engineer, has demanded that the bridge be rebuilt according to the specifications, approved by the city engineer and if it is not safe it is not their fault.

The two have come to a deadlock. Court proceedings are the next course and the bridge will remain open to the courts it is figured that two years will be the average time for settlement.

And this isn't all.

It looks as though the city was "holding the sack."

It has been discovered that up to date the city has paid out to the bridge contractors a sum of \$3,121 or but \$573 less than the contract price of \$3,694. It means that the city has given to the contractors almost the entire contract amount despite the fact that the bridge was not being built.

The city officials fear that with all but about \$600 on the contract, the contractors will pay little attention to the bridge. They have practically all of the original price and \$600 wouldn't pay them for the trouble of demanding more.

The question as to whether or not the city has a right to pay the bridge company \$3,121 when the work on the bridge was poor and when it had been reported to the city engineer that it was defective, is the main source of information for the city attorney to untangle.

The Fillmore street bridge over the Shunganunga creek was supposed to be the most important outlet over this creek to the southern roads leading into Topeka. The other bridges are in poor shape and it was planned to make the Fillmore street structure capable of handling all heavy traffic leading out of and into the city.

The bridge cost the city \$1,000. If the settlement means two years in court it means that the interest of 4 1/2 per cent will amount to about \$185 a year—a dead loss to the taxpayers.

The city claims the iron works constructed the bridge and failed to make it safe.

The contractors "come back" charging the bridge was built under approved plans and if the city engineer had condemned the plans at the time the trouble would not have arisen.

In a letter to the Capital Bridge & Iron works W. S. Fulton, city engineer, made the following statements:

November 3, 1910.  
To The Capital Bridge & Iron works, W. S. Fulton, Topeka, Kansas, & H. K. Brooks, Topeka, Kansas. President of said Capital Bridge & Iron works, City.

Gentlemen:—  
On February 24, 1910, The Capital Bridge & Iron works entered into a contract with the City of Topeka to construct and complete in a first class workmanlike manner and strictly in accordance with the most modern practice, a reinforced steel wagon and foot bridge over the Shunganunga creek on Fillmore street in the City of Topeka, Kansas, said bridge to be constructed in strict conformity with the proposal submitted and the plans and specifications on file in the City Engineer's office.

This bridge, you agreed, was to be

## SEE HOW QUICKLY POSLAM ACTS

Rare Power to Heal Affected Skin Explains Success of New Skin Remedy.

"No one is asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City."

Even this free sample, when used to quickly clear the complexion or spread on the face, hands, limbs, to cure pimples, rashes, eruptions, or to cover a small eczema surface, will prove poslam's real and unusual merit. Its users have found that poslam not only fulfills but exceeds the claims made for it. Take any case of eczema, acne, itch, salt rheum, piles, scalp scale, etc., however stubborn, and poslam will stop any itching as soon as applied, healing the skin rapidly and readily. (All other treatments for skin troubles on man or animals fade into nothingness compared with poslam.) says Mr. M. T. Gratian, Preston, Minn.

Write direct to the Laboratories for the sample, but the trial packages of poslam at 50 cents and the jars at \$2.00, purchased at all druggists, particularly Rosser Drug Co. and Fred A. Snow's.

constructed to the satisfaction of the City Engineer.

You further agreed that whatever money you received, estimates should in no event be construed as an acceptance of all or any part of the work embraced in the contract.

You further agreed to complete said bridge in a first class workmanlike manner by September 1st, 1910. This has not been done and, as per your contract with the city, you are liable for \$50 per day for the detention damages for each and every day transpiring after said date of September 1st, 1910, until said bridge is fully completed.

## PICTURE SHOWS AT PRISONS.

The Kansas and Federal Penitentiaries May Adopt the Plan.

Leavenworth, Kan., Nov. 4.—Major R. W. McClaughey, warden of the federal penitentiary, and J. K. Coddington, warden of the Kansas penitentiary, are considering plans to have moving picture shows weekly for the prisoners of their institutions.

Both wardens favor one exhibition a week and are considering the purchase of a machine jointly. The prison officials have had moving picture shows several times as holiday treats for prisoners, and they proved very popular. The officials feel that pictures carefully selected would prove an education and keep the prisoners posted as to what is going on outside the prison walls.

Lotta Retires Sonoma Girl.

## Women's Dollar Union Suits

A dollar is as much as many women want to pay for Union Suits. A dollar ought to buy very good garments—and it does, at this store. For we sell—

## Munsing, Forest Mills and Stretton Union Suits

The dollar suits of these makes are just as good fitting, and carefully finished as the more expensive garments from the same mills. The fabrics are the best that can be made up for the price. That means, to every one who knows what is best in knitted underwear, that there's very little room for improvement in the dollar union suits that we sell.

## Long Sleeve, Ankle Length Suits

Light weight flannel. Heavy cotton. Medium weight cotton. Fleece lined cotton.

## Medium Weight Cotton Suits

High neck, short sleeves, ankle length. Low neck, sleeveless, ankle length.

## WILL CURE YOUR COLD.

How to Break a Bad Cold and End Grippe Misery in a Few Hours.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance.

## AMUSEMENTS.

When the name "Buster Brown" is passed from lip to lip there is a general rush on the part of the old and young to the boxoffice as it is an attraction that is always up-to-date. With capital entertainers, musical features, galore and "specialties" in plenty, "Buster Brown" is due to do a landoffice business when it comes to town. Saturday matinee and night.

"The Port of Missing Men" has been aptly described as "The Prisoner of Zenda" turned inside out. It is all excitement and dash and lively detail. Not a moment is lost. There is plot and movement enough to make one dizzy. To all those who have not grown tired of "The Prisoner of Zenda" style of romance, this new play can be most strongly recommended. Monday, November 7.

"Graustark" George Barr McCutcheon's thrilling romance of a love behind a throne, has not only made a fortune for the author, but for two different firms of publishers, and now promises to make a fortune for a firm of theatrical managers, who have secured the dramatic rights for the book and are presenting the play in the leading theaters of the principal cities this season. Comes to the Grand Tuesday, November 8.

Paul M. Potter, who is responsible for the book of the musical comedy, "The Queen of the Moulin Rouge," is also the author of "Trilby," which was probably the greatest dramatic triumph in the history of this country. Mr. Potter was for several years Paris correspondent for the London Daily Mail and the New York Herald. His duties in that capacity brought him in touch with the gay night-life in the French capital, which he correctly depicted in "The Queen of the Moulin Rouge." Comes Wednesday, November 9.

Bryan Licensed to Hunt.  
Austin, Tex., Nov. 4.—The state game warden has issued a license to hunt in Texas to William J. Bryan, who will arrive at his farm near Mission, in the lower Rio Grande valley, November 22. Mr. Bryan will spend several weeks there, cultivating the land and shooting ducks. He has just finished building a house on the farm.
